

This cute zipper pouch will be so much fun to make. Your kit will include the embroidery cd with the pouch in two sizes and also the supplies to make the smaller of the two. The supplies include fabric for the bag, appliquéd pieces precut out, and stabilizer. The cost for this class is \$20 if you supply your own kit. If you want it all cut out and be ready to sit and sew it is \$10 more. The colors will be like the picture. This will be taught twice on Friday to accommodate those coming in later in the day. There will be a complete supply list sent to the students.

Our Saturday class will be an Anita Goodesign Express “Learn to Tile Scene”. This is a great project to learn how to do a larger project in four steps. The embroidery package has the files to make four different tile scenes. I have chosen the one pictured for the class project. This is Saturdays class but you could also make a different one on Sunday if you wish. The cost for this class is \$30 if you supply your own kit. If you want it all cut out and be ready to sit and sew it is \$15 more. The project will be 4 hoopings. The kit will include all fabrics for the top, back, appliquéd pieces precut, stabilizer, and binding. The colors will be similar to the picture. There will be a complete supply list sent to the students.

The computer classes will be \$20 for each student for all the classes and will run throughout the weekend. We will offer: Keeping it Clean, The Case of the Disappearing files, Always Safety First, and Keep it Organized. There will be a supply list sent to the students.

We will also have a bonus small project for Sunday for anyone interested.

Sewing machine tune ups will be offered throughout the weekend when you are not busy with your machine.

Mystery Table Runner class will be offered for anyone interested.

Pattern \$12

Kits will be available if requested.
