

Binding instructions:

1. Sew 2 ¼" - 2 ½" strips together with diagonal or straight seams.

2. Press binding strip in half lengthwise with wrong sides together. Starting about 1/3 of the way down from first corner, match raw edges of binding to quilt edges. Using a ¼" seam, start sewing about 5" from end of strip and stop ¼" before corner.

3. Remove from machine and fold strip up forming a 45° angle. Next fold the strip back down and sew from edge to ¼" from next corner. Repeat until you are back on the first edge. Stop 5" before end on last edge.

4. Overlap the ends of the binding strips and trim so they overlap by 2¼". Unfold the ends of the binding strips. Right sides together, sew a diagonal seam.

5. Fold binding over to back of quilt and sew either by hand or with invisible thread by machine.
